string to
chatHub

Feedback

- Mentor: Kade

Kade was very impressed by our presentation and was excited at how the Accunet employees reacted to our project

- Client: Scott and Trey

Trey told us at the end of our presentation that we did great and that their team was impressed and looking forward to the transfer of our product

Teamwork

- Ben Eger: testing, bugs, helped with frontend aesthetics and alerts
- Mercedes Thompson: fixed frontend aesthetics and issues
- Ethan Holland: email and sms alerts
- Nicole Gerber: worked on encrypting database and clean code

Documentation
